## The Newsletter of the Camera Club of Richmond

MAY 2010

### MAY 12<sup>TH</sup> MEETING

Our May meeting is an Evaluation Night, but there is no assigned subject. We are pleased to have an old friend, Debra Curtis, back again as our expert evaluator. Debra is an award-winning professional photographer, artist, and instructor. She holds a Master of Education degree in Audio-Visual Education from the University of Virginia and a Bachelor of Science degree in Art Education from Radford University.

She teaches digital photography, Photoshop, studio lighting, and watercolor painting at John Tyler Community College. Debra is also a member of the Professional Photographers of America, Southeastern Professional Photographers Association, and the Virginia Professional Photographers Association, and has been a Year's End judge for the CCR for the last two years. We're pleased to have her back!

### A MESSAGE FROM THE PRESIDENT

I am happy to report that our club is moving full steam ahead – participation in our workshops and photo shoots has skyrocketed! It's great to see so many members taking advantage of the club's offerings. Check the club calendar at <http://www.cameraclubofrichmond.com/calendar.html>. A round of applause to Karen, our Vice President, (clap, clap, clap). As you all know she works very hard to keep us all entertained and educated with fantastic and creative programs and workshops. And, we have so many more exciting events in the offing; here's what's coming up:

- On May 8<sup>th</sup> we have Barbara Ellison giving a presentation on alternative printing. For those who've ever had problems with their printed photos (like me), this is your chance to get expert advice on printing. Barbara will also be demonstrating various printing techniques on different media that will just blow you away.
- Mark your calendar for the Flying Squirrels! Here's your chance to get up close during their May 16<sup>th</sup> practice. This is a unique opportunity to get out on field level and get some action shots. I promise you we will "have a ball!" Later, at 2:00, they will be playing the Altoona Curve (Pittsburgh Pirates), so you may want to stay for the game, too.

May is an evaluation month, so get your digital prints in to Don Reynolds at [digital@cameraclubofrichmond.com](mailto:digital@cameraclubofrichmond.com) by Saturday, May 8<sup>th</sup>. For those submitting matted prints, be sure you tag the back of each of your photos properly with the *2010 CCR Evaluation Form*. Download the form from [www.cameraclubofrichmond.com/evaluations.html](http://www.cameraclubofrichmond.com/evaluations.html). You will need to tape the form to the back of the print and also give a copy to Rosemarie, our Print Director, so that we have a record of your submission. There is limit of three (3) photos per member regardless of category. May I also add that we've improved our ability to project prints from our light box. We overcame some technical hurdles and I promise that prints will be better projected this month.

I mentioned in all our past meetings, please feel free to post your favorite images in our gallery or add your website link, if you have one. Just e:mail Rusty at [webmaster@cameraclubofrichmond.com](mailto:webmaster@cameraclubofrichmond.com) and he will be happy to help out.

Hope to see you all at the next meeting.

**Peter Kapsalis**  
President

## MAY PHOTOSHOOT

### TAKE ME OUT TO THE BALL GAME...

Head on over to the Diamond at 11:30 a.m. on **May 16** for a fun photoshoot with the Richmond Flying Squirrels! We'll be there throughout the team's practice before their game against the Altoona Curve at 2:00. Why not make a day of it and stay for the game--with a group of a least 20, admission will be only \$5.00 per person! AND . . . you'll see a special birthday greeting to the Club on the big screen if you're at the game! More details concerning meeting place, etc. will be e:mailed to all participants next week. If you can join us, please RSVP to [kmatetr@gmail.com](mailto:kmatetr@gmail.com).

## YOU MAY ALREADY BE A WINNER!

This year's contest is open to both amateur and professional photographers, and Chesapeake Bay Foundation is seeking photographs that illustrate the positive aspects of the Bay and its rivers and streams. We want to see your vision of the Bay region—from Pennsylvania to Virginia, from the Shenandoah Mountains to the Eastern Shore.

Images depicting people, wildlife, recreation, and farms within the watershed region will all be considered.

For more information go to <http://www.cbf.org/Page.aspx?pid=1780>.

## 2010 EVALUATIONS - ADVANCED NOTICE

Remaining Evaluation Nights of 2010 are as follows:

**May – no assignment**

**July – “Children”**

(Grandchildren, *your* children, friend's/neighbor's children, strangers' children...)

**September – “Weathered Wood”**

(Weather-beaten, distressed, sun-bleached, deformed, driftwood...)

**October – no assignment**

## MAY WORKSHOP – PAPER'S NOT JUST FOR TRAINING PUPPIES...

### A DIFFERENT LOOK AT PRINTING

"Your creativity does not need to end with producing a file. Your choice of printing media can increase or reduce the impact of your image. Matching your image to the proper substrate is essential and can enable you to create a unique work of art. In addition to the various inkjet papers that are available, you may choose to print on various materials such as rice paper, metal, wood and fabric for a whole new look. We will discuss some of the options open to those who want to venture out in the world of alternative printing." Barbara Ellison's knowledge and expertise in this area will inspire you to create fine works of art from your photographs. You can see wonderful examples of Barbara's work in *Digital Photo Art* by Theresa Airey and Patrick Rice's books, *Professional Techniques for Black and White Photography* and *Digital Infrared Photography*, but even better, join us for a presentation by Barbara on **May 8**, beginning at 10:30 a.m. at the Bon Air Library, 9103 Rattlesnake Road! There is no charge for this special event, and space is limited. RSVP to [kmatetr@gmail.com](mailto:kmatetr@gmail.com) to reserve your seat. (Please refer to our earlier e:mail regarding Barbara Ellison and other events you may want to attend after the program.)

LOOKING AHEAD...

**HOLD THESE DATES!**

Mark your calendars: Our **June 9th** meeting will feature Gerry Bishop's instructional program on macro photography. Pay "close" attention because the following Saturday, **June 12**, we'll be traveling to Andre Viette's Nursery in Fishersville, VA (and other venues) to practice what we learned, with Gerry coming along to assist. Look for more information in future e:mails and in the June newsletter, but please hold these dates!
